Voluntary Action East Lindsey – new print and design shop benefits local community

Grant award: £30,000

The their Capital Investment Programme grant award of £30,000, Voluntary Action East Lindsey has set up a print and design shop that offers work experience and volunteer placements as well as being used by a range of local voluntary and community organisations.

In addition to providing this valuable facility and resource, Voluntary Action East Lindsey, has increased access to their resource centre premises by fitting a disabled access door.

Judith Mercer, Voluntary Action East Lindsey's Chief Executive Officer said:
“As well as improving disabled access to our building, Capacitybuilders have, with one stroke, made us one of the best-equipped small print and design shops in the area.

VAEL Design & Print can now bring another valuable service within the means and reach of developing community groups.”
